with Click Commerce's Service Network Solutions Division**

Los Angeles, CA – July 9, 2009: Marlin Equity Partners ("Marlin") is pleased to announce that it has acquired Servigistics, the leading strategic service management software provider. Marlin will combine Servigistics with the Service Network Solutions ("SNS") division of Click Commerce, an existing Marlin portfolio company. The newly formed entity will deliver the industry's broadest and deepest solution suite specifically designed to solve complex Service Lifecycle Management ("SLM") business problems.

Servigistics provides software solutions that enable companies to plan, manage and monitor their post-sale service business processes including service parts, field technician scheduling and routing, service knowledge and pricing management. Click Commerce SNS delivers software solutions that enable organizations to manage returns and repairs, orchestrate sourcing, manage contracts and warranties decisions and optimize spare parts.

The newly formed company will operate under the Servigistics name and combine each company's industry leading solutions and deep vertical industry domain expertise to lead the SLM market. The new Servigistics will provide a solution specifically designed to deliver unprecedented service business value to companies across a diverse set of industries.

"This merger was completed only 45 days following Marlin's acquisition of Click Commerce," said Bill Atkinson, Technology Operating Partner at Marlin Equity Partners. "The rapid combination of the two post-sale service market leaders is a clear demonstration of Marlin's commitment to building the industry's broadest and deepest service solution platform to enable leading companies around the world to capitalize on the post-sale service opportunity by maximizing revenue, profits and customer retention."

Eric Hinkle, CEO of Servigistics, will continue as the newly formed company's CEO. Dave Barboro, formerly President and General Manager of Click Commerce SNS, will continue as Executive Vice President and Bill Atkinson will serve as Chairman of the newly formed company.

"The combination of Servigistics and Click Commerce is exciting. Together we will accelerate our vision of enabling global service excellence by integrating highly complementary solution sets, leveraging the industry's deepest service domain expertise, and serving by far the industry's largest and most impressive client base," said Eric Hinkle, CEO of Servigistics.
